Productinformation**

DESCRIPTION

The steel cage is CDP and powder coated, inlcudes a looking break and an ergonomic handle. The reel enables the several materials like: ropes, wires or cables to be wound in/out in a controlled manner.
It also ensures the rope is optimally stowed and ready for use.
The extendable adjustable feet allow increased stability and have an integrated storage compartment on both sides.

Optimal application: To store Runpotec pull ropes polyester Ø 8 mm or Ø 10 mm in lengths of up to 120m or to unwind and unroll..

Application video: a short, very informative application video can be viewed by scanning the QR code or on www.runpotec.com.

Scope of delivery: 1 psc steel cage for rope 514
